EDUCATION

KCA University — Bachelor of Science in Software Development 3.3 GPA Expected Graduation: November 2025

- Coursework Highlights: Advanced Programming, Software Design, Database Systems, Artificial Intelligence, Distributed Systems, Cloud Architecture.

TECHNICAL SKILLS

- **Programming Languages**: Golang, TypeScript, Python, Solidity, C#
- **Frameworks & Libraries**: React, Node.js, TailwindCSS, Echo, NextJs, AstroJS, NET.
- **Databases**: MySQL, PostgreSQL, Prometheus
- **Tools & Platforms**: Docker, Git, REST APIs, Grafana, GRPC, RabbitMQ, Redis, Kafka, Airflow, Foundry, Azure, AWS, UiPath, and Microsoft Power Platform.

PROJECTS

Wajibika – Accountability Partner Platform

- I built a comprehensive platform allowing users to find and connect with accountability partners.
- Integrated AI-driven roadmaps for guidance in various fields.
- Utilized **TypeScript**, **NextJS**, **PocketBase Goalng** framework, and **TailwindCSS** for development.

Kelche.co – Technical Blog

- Developed a technical blog from scratch
- Wrote over 60 articles, mainly on Go and web technologies.
- Grew the Blog to about 20000 monthly and over 500000 lifetime readers over one year.
- The tech stack included **AstroJS**, **TypeScript, TailwindCSS**, and **SASS**

Ceremonia – Distributed Key Generation Tool

- I created a desktop application enabling local Distributed Key Generation to enhance security in cryptographic protocols.
- Recognized as the **Best Tooling for SSV Network** at the EthOnline Hackathon.
- Built using **Golang**, **React**, and SSV Network APIs.

EXPERIENCE

Freelance Software Developer   January 2021 - Present

- Provided development solutions to small businesses and startups.
- I worked with crypto protocols like LayerZero and Chainlink, among others, to explore the product-market fit of their developer tooling.
- I created custom websites, APIs, and database systems using **Python**, **Golang**, **Solidity, React, and NextJs.**

ACHIEVEMENTS & AWARDS

- **Winner, Best Tooling for SSV Network** – EthOnline Hackathon (2024)
